DRIVING DIRECTIONS

FROM ANCONA (PORT/AIRPORT) IN THE EAST TO SANSEPOLCRO

From both the port and the airport you will be looking for the SS76 highway to Perugia and Rome. The airport is just beside the road and you should be on it in minutes after leaving the airport. It heads directly west towards the mountains and away from the sea. Just follow it through the tunnels and some terrific scenery until it more or less peters out after the mountain section at a little place called Gattucio. Stay on the 76 but watch for a right hand turn just after Tonchetti.towards Fabriano. Then follow the signs for Gubbio. Stay on this road until Osteria del Gatto and then just look for signs to Gubbio and the SS 219. You should find yourself driving around the town of Gubbio, very obvious on its hillside, and then head for Citta di Castello. You will meet the E 45, superstrada, just this side of Umbertide. Take the direction for Cesena (North) and you will be in the Valtiberina in about 15 minutes. Appropriate exits are either Citta di Castello in the south of the valley or Sansepolcro in the north. They are about ten minutes driving distance apart.
